

MODEL

LANCIO

OVERLAP FILM WRAPPER

This series is composed of medium and high speed shrink-wrappers with continuous working process. They feature synchronised film overlapping suitable for collating and wrapping most kinds of bottles, cans, jars and pots in multi-packs, thus achieving protection from dust, dirt, water/humidity among other pollutants. For highest speeds requirements these lines can be manufactured in twin stream (dual lane version).

Built according to the strict EC standards.

 **25 to 100 packs
PER MINUTE**

A range of machines models are supplied according to the speed and required packing:

MODEL	COMMENT
CFM + LA + BM	Shrink Film only
CFM - S + LA + BM	Shrink Film with flat cardboard
CFM - WR + LA + BM	Shrink Film with wrap-around cardboard tray.

Characteristics

- Automatic in-line infeed, on single lane or in mass flow
