

MODEL

VF TR

WRAP-AROUND TRAY PACKERS.

The “VF TR” series is composed of wrap-around tray-formers, usually combined with Shrink Film-wrapping machines that pack a collation of products in display tray and bottom trays.

The range includes machines for low speed requirements (for higher speeds see “LANCIO” model in “Overlap film wrappers”)

All lines have a cardboard magazine with storage capacity suitable for the required speed and with easy loading while machine is running.

Built according to the strict EC standards.

12 to 20 trays
PER MINUTE

MODEL	MAX SPEED
VF 50 TR	up to 12 trays/minute
VF 100 TR	up to 20 trays/minute
